

HOW WE AT ROADMARK TRAVEL ARE MAKING YOUR JOURNEY WITH US COVID 19 SECURE

The health and safety of our passengers and staff is always our top priority and we want you to have peace of mind and complete confidence when travelling with us. So, in line with Government regulations, we have introduced additional measures and procedures, both on and off the vehicles, to make sure you feel safe and comfortable throughout your journey.

We have implemented enhanced cleaning practices and the coaches are cleaned at the beginning and during the day. This will include disinfection of all high contact areas with antiviral products and fogging systems.

All drivers are temperature checked prior to starting work and all passengers are required to be temperature checked prior to boarding the coach.

When boarding our driver will confirm your seat number(s), which have been allocated to maintain social distancing guidelines.

Hand sanitiser dispensers are present on our coaches. Please ensure that you clean your hands upon boarding and alighting the vehicle.

It is mandatory for customers to wear face coverings as per Government advice.

When waiting for your coach keep a one metre distance in the queue when possible.

Our improved air conditioning filters will assist in purifying the air on board the vehicle throughout your journey.

Please only use the onboard WC when absolutely necessary – we will make additional comfort stops.
